Education

Can Tho University

09/2021 - 12/2025

Information Technology

- GPA: 3.54

Skills

Office IT Tools, English - Chinese (basic)

Programming & Web Development: HTML, CSS, JavaScript, Tailwind CSS, MySQL, PHP (Laravel).

Soft Skills: Self-learning, problem solving, effective teamwork, and communication.

Work Attitude: Growth mindset, ability to work under pressure.

Interests

Reading novels, listening to podcasts.

Traveling, backpacking, teambuilding.

Playing badminton, jogging.

Career Objective

I am seeking an internship to gain hands-on experience, enhance my web development skills, and adapt to professional workflows. My long-term goal is to become a proficient full-stack developer and gradually grow into a technical team leader.

Academic Projects

Web Developer **05/2025 - 08/2025**

Graduation Thesis

- Developed an online sales website using the Laravel framework.
- Integrated e-wallet, smart ordering, and AI-powered customer assistant.
- Enabled reordering of previous purchases and generating random orders from favorite items.

Intern – Web Developer **09/2025 - 11/2025**

CUSC (Can Tho University Software Center)

- Developed system administration features: user roles, exam and subject management, scheduling, and system configuration.
- Built a question bank module supporting multiple question types and automatic exam generation.
- Implemented online exam delivery with security and anti-cheating features.
- Supported exam supervision, automatic/manual grading, and detailed reporting & analytics.

Web Developer **12/2025 - 01/2026**

YDCC 2025 – NEP Project (UEH)

- Developed a digital transformation platform supporting traditional craft villages in adapting to climate change.
- Designed and implemented AI-based modules for environmental monitoring, early warning, and adaptive recommendations.
- Built data collection and analytics features to track weather patterns and production risks. Integrated notification systems to provide real-time alerts and solution suggestions to local users.
- Collaborated in system architecture design, UI/UX optimization, and deployment preparation for competition presentation.

Extracurricular Activities

Community & Volunteer Activities **2024 - 2025**

Volunteer

- Supported students during the National High School Exam at Thot Not High School (guidance, logistics, coordination).
- Participated in the Green Summer Campaign: renovated classrooms, improved school facilities, and enhanced the learning environment at local primary and kindergarten schools.
